15 **Issued on August 25, 2015**
16

17 California Health and Safety Code, Section 116650 authorizes the issuance of a
18 citation to a public water system for violation of the California Safe Drinking Water Act
19 (Health and Safety Code, Division 104, Part 12, Chapter 4, commencing with Section
20 116270) (hereinafter "California SDWA"), or any regulation, standard, permit, or order
21 issued or adopted thereunder.
22

23 The State Water Resources Control Board (hereinafter "Board"), acting by and
24 through its Division of Drinking Water (hereinafter "Division") and the Deputy Director
25 for the Division (hereinafter "Deputy Director"), hereby issues a citation to Eagle Lake
26 RV Park (hereinafter "Park"), located in Susanville, for violation of California Code of
27 Regulations (hereinafter "CCR"), Title 22, Section 64423.

1
2 **APPLICABLE AUTHORITIES**

3 **California SDWA, Section 116650 provides:**

- 4 (a) If the Division determines that a public water system is in violation of this
5 chapter or any regulation, permit, standard, citation, or order issued or adopted
6 thereunder, the Division may issue a citation to the public water system. The
7 citation shall be served upon the public water system personally or by certified
8 mail. Service shall be deemed effective as of the date of personal service or the
9 date of receipt of the certified mail. If a person to whom a citation is directed
10 refuses to accept delivery of the certified mail, the date of service shall be
11 deemed to be the date of mailing.
- 12 (b) Each citation shall be in writing and shall describe the nature of the violation or
13 violations, including a reference to the statutory provision, standard, order,
14 citation, permit, or regulation alleged to have been violated.
- 15 (c) A citation may specify a date for elimination or correction of the condition
16 constituting the violation.
- 17 (d) A citation may include the assessment of a penalty as specified in subdivision
18 (e).
- 19 (e) The Division may assess a penalty in an amount not to exceed one thousand
20 dollars (\$1,000) per day for each day that a violation occurred, and for each day
21 that a violation continues to occur. A separate penalty may be assessed for
22 each violation.
- 23
24
25
26
27

1 **CCR, Title 22, Section 64423(a) provides in relevant part:**

2 (a) Each water supplier shall collect routine bacteriological water samples as
3 follows:

4 (3) The minimum number of samples for transient-noncommunity water
5 systems using groundwater and serving 1000 or fewer persons a month
6 shall be one in each calendar quarter during which the system provides
7 water to the public.

8
9 **STATEMENT OF FACTS**

10 The Park operates a transient noncommunity water system located adjacent to Eagle
11 Lake, near Susanville, California. The system serves 59 RV sites, three park models,
12 a mobile home, a house, a studio apartment, two wood tents, five tent spaces, a
13 recreation center, a picnic area, and a store. The system is capable of serving a
14 transient population of approximately 200. The owner reports that the average
15 population is approximately 35. The water system includes two active groundwater
16 wells, Well 01 and Well 02, which operate during the summer season, approximately
17 May through October.

18
19 Because the system is operated with Well 01 serving one pressure zone and Well 02
20 serving a second upper pressure zone, with the two pressure zones separated by a
21 normally closed valve, the Park is required to take two routine bacteriological water
22 samples per quarter. The Park opened for the summer in May 2015, but did not
23 collect the required quarterly bacteriological samples until August 5, 2015. The two
24 August 5, 2015, sample results are absent for total coliform.

1 **DETERMINATION**

2 The Division has determined that the Park violated CCR, Title 22, Section 64423 in
3 that the Park failed to obtain collect the required routine samples upon opening during
4 the second quarter of 2015.

5
6 **DIRECTIVES**

7 The Park is hereby directed to take the following actions:

- 8
- 9 1. Comply with CCR, Title 22, Section 64423 in all future monitoring periods.
- 10
- 11 2. By September 30, 2015, provide public notification by distributing *Attachment*
12 *'A'* to customers by the following methods:
- 13 a. Publication in a local newspaper, and
- 14 b. Posting, for at least seven days, in conspicuous public places within the
15 service area.
- 16
- 17 3. By October 10, 2015, a representative of the Park shall complete the enclosed
18 *Attachment 'B'* and return it to the Department. A copy of the notice that was
19 distributed must be included with the form.
- 20

21 All documents required by this citation shall be submitted to the Division to the
22 following address:

23
24 Michael J. McNamara, P. E.
25 Lassen District Engineer
26 State Water Resources Control Board
27 Division of Drinking Water
28 364 Knollcrest Drive, Suite 101
29 Redding, CA 96002

1 (530) 224-4800

2
3 Nothing in this citation relieves the Park of its obligation to meet the requirements of
4 the California SDWA, or any regulation, permit, standard or order issued or adopted
5 thereunder.

6
7 The Division reserves the right to make such modifications to this citation, as it may
8 deem necessary to protect public health and safety. Such modifications may be
9 issued as amendments to this citation and shall be effective upon issuance.

10
11 **PARTIES BOUND**

12 This citation shall apply to and be binding upon the Park, its officers, directors,
13 shareholders, agents, employees, contractors, successors, and assignees.

14
15 **SEVERABILITY**

16 The Directives of this citation are severable, and the Park shall comply with each and
17 every provision thereof, notwithstanding the effectiveness of any other provision.

18
19 **FURTHER ENFORCEMENT ACTION**

20 The California SDWA authorizes the Board to: issue citations with assessment of
21 administrative penalties to a public water system for violation or continued violation of
22 the requirements of the California SDWA or any regulation, permit, standard, citation,
23 or order issued or adopted thereunder including, but not limited to, failure to correct a
24 violation identified in a citation or compliance order. The California SDWA also
25 authorizes the Board to take action to suspend or revoke a permit that has been
26 issued to a public water system if the system has violated applicable law or
27 regulations or has failed to comply with an order of the Board; and to petition the

1 superior court to take various enforcement measures against a public water system
2 that has failed to comply with an order of the Board. The Board does not waive any
3 further enforcement action by issuance of this citation.

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

*Este informe contiene información muy importante sobre su agua potable.
Tradúzcalo o hable con alguien que lo entienda bien.*

Monitoring Requirements not met for Eagle Lake RV Park during 2nd quarter of 2015

Our water system recently failed to monitor drinking water in accordance with the standard. Although this is not an emergency, as our customers, you have a right to know what happened and what we did to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the 2nd quarter (April – June) 2015 we did not monitor for coliform bacteria and, therefore, cannot be sure of the quality of our drinking water during that time.

What This Means

There is nothing you need to do at this time. The table below lists the contaminant we did not sample for, how often we are supposed to sample for it, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the samples were taken.

Contaminant	Required sampling frequency	Number of samples required	Number of samples taken	When sample should have been taken	When sample was taken
Coliform Bacteria	2 samples per quarter	2	0	May 2015	August 5, 2015

Steps We Are Taking

As shown in the last column of the table above, we have taken the required samples for the third quarter (July – September) 2015. The third quarter sample results show we are meeting drinking water standards.

For more information please contact:

Mike Arnold	Owner	(209) 770-0045
Sandi Tenney	Division of Drinking Water	(530) 224-4876

*This notice is being provided to you by Eagle Lake RV Park
in compliance with the Domestic Water Quality and Monitoring Regulations,
as a means of keeping the public informed.*

Certification of Completion of Public Notification

This form when completed and returned to the State Water Resources Control Board Division of Drinking Water (364 Knollcrest Drive, Suite 101, Redding, CA 96002 or fax to 530-224-4844), serves as certification that public notification to water users was completed as required by the California Code of Regulations relating to drinking water. Completing public notification and providing the Division with certification is important. Failure to do so will result in additional hourly time charges to your water utility and may result in a formal enforcement action with monetary penalties.
